Reinforcements Have Arrived.
Designed to produce the key elements of power, portability and exceptional sound, Samson's Auro D210 2-Way Active Loudspeaker is a

compact enclosure that combines superior components and meticulous engineering. Ideal for installation purposes, gigging musicians and general live sound reinforcement applications, Auro D210 provides a versatile speaker solution that integrates easily into PA setups.

Auro D210 features a conveniently lightweight Class D design, producing 200 watts of onboard power via its 10" extended low frequency driver and accompanying 1" compression driver.

Compact yet resilient, this loudspeaker support immersive, articulate bass and sweet, lucid highs for well-balanced and expressive audio suitable for any situation where pro-quality sound is a must.

For additional versatility, this speaker features a Mic/Line input with Volume control and Clip LED. Also, a Line output allows for the linking of multiple speakers. Auro D210 features a 1 3/8" pole mount receptacle and floor monitor positioning options for flexible setup.

Bridging the gap between portable and fixed installation applications, Auro D210 is perfect for sound professionals and performers seeking serious power and true sonic purity. Made For Fortsetzung auf Seite 2

Samson AURO D 210 Aktivbox (10" / 1")

Fortsetzung von Seite 1:

Music

Auro D210 was designed to provide clear, full-range live sound reinforcement in a variety of applications. Whether you're a karaoke diva, singer/songwriter, DJ, or full band gigging in a small performance space, Auro D210 guarantees you an immensely powerful, sonically pure and highly mobile sound. In addition, the speaker enclosure's floor monitor positioning options are perfect for near-field and far-field monitoring applications.

Perfect For The Podium

Take command of the boardroom podium with Auro D210. When integrated into a PA system, the speaker provides the perfect solution for a business professional leading any sort of presentation. No matter the application (presentations, company meetings, corporate events, etc.), the unit will allow you to convey your ideas to your audience clearly.

PA Appreciation

In addition to all students, teachers and professors utilizing Auro D210 in some of the same circumstances as business professionals (presentations, audio playback), the system possesses some functions unique to music education. The unit is ideal for directing small instrumental ensembles. Auro D210 will help conductors keep even their percussionists on task. Soloists and ensembles can practice along with recorded accompaniment broadcast over an Auro-based PA system. Also, the pro-quality sound produced by Auro D210 makes the analysis and appreciation of recorded music far more interactive and educational.

Fitness Friendly

Beyond producing impeccable sound reinforcement, Auro D210's elements of portability make it ideal for countless recreational uses. For a traveling instructor, Auro D210 is perfect for leading small exercise/yoga classes in fitness clubs. Outdoor functions pose no problem whatsoever for Auro D210. Block parties, sporting events, and matters of crowd control now have a more practical, and still extremely portable, alternative to the megaphone. Auro D210 is also sure to excite the tailgating crowd, now able to demonstrate their team spirit at a level never before possible, or simply provide musical entertainment for a classic tailgate party.

So, get the 2-way active speaker that fuses power and portability: Auro D210.
