About the BBE G Screamer®; Gus G Signature Overdrive: The music of Gus G and his band Firewind can be described as melodic, soaring and punishing - in short, metal masterpieces. But just as Gus is shaping the bleeding edge of metal, he is deeply passionate about its roots, as evidenced by his scoring the coveted gig as guitarist for Ozzy Osbourne. Gus' gear reflects his passion, inspired by the classics and updated for a new level of sophistication and musical expression. BBE stompboxes share his ethos, born out of respect and appreciation for the classics while pushing forward, evolving the breed. Gus' new G Screamer signature overdrive is a thundering example. For years, the BBE Green Screamer was Gus' overdrive pedal of choice. But working closely with BBE's legendary mastermind Paul Gagon, Gus has now dialed in his tone still more, for solos that power his vision for the modern metal realm.

"Want a killer screaming lead tone like mine? Step on a G Screamer!"
